

The Daily News.

THURSDAY MORNING, NOVEMBER 15, 1866.

WASHINGTON NEWS.

The New York papers of Monday contain the following items of Washington news:

WILLIAMS AND STOKES IN THE BAHAMAS. Commander C. W. Cooper, commanding the United States cutter Winoski, reports, under date of October 31, the arrival of his vessel at Matanzas, Cuba, after a cruise in the vicinity of the Bahamas. Commander Cooper sailed on the 18th of October for the purpose of assisting what was reported to be an American ship ashore, near Matanzas. The cutter Winoski, this vessel proved to be the English ship Lord Elgin, from Pensacola, Florida, bound to Liverpool. The cutter and crew had been taken off by a vessel bound to Key West, Florida. At about an American bark had come ashore, and all on board were lost. The English brig Rave had been captured at the St. Peter and St. Paul Islands, and the crew had been taken off. On the 21st Commander Cooper stopped at Nassau, where, at the request of our Consul at that place, five American mechanics were taken on board the Winoski for passage to Matanzas, near the Bahamas. By the arrival at Nassau on the 27th of a schooner from Havana, accounts were received of the destruction of the settlement on Turkey Island, and the wrecking of thirty foreign vessels by an extensive hurricane which visited the Bahamas. At the date of his despatch, Commander Cooper proposed to sail soon for Key West.

MORE ABOUT THE CONSPIRACY TO HANG MR. DAVIS. Sanford Conover alias J. A. Drunkham, has been indicted for perjury by the Grand Jury of this district in answer to the House Judiciary Committee that he was an agent employed by Jeff. Davis and others to assist in the assassination of President Lincoln. Owing to a quarrel between Conover and others concerned with him, an expose took place, by which it appeared that Conover got up a lot of bogus evidence, which implicated Jeff. Davis in the assassination plot. The parties imposed on the War Department, and Congress and the Judge Advocate General have effected the arrest of Conover, who is in jail here.

THE REUNION OF THE ARMY OF TENNESSEE. General Grant decided last evening not to attend the celebration of the Army of Tennessee, which comes off at Cincinnati. He is detained here by important official duties, and regrets exceedingly that he cannot be present on this interesting occasion. General Rawlins and Colonel Parker, of his staff, left this evening to participate in the affair. It was the intention of both Grant and Sherman to be present on that occasion, but the late arrival of the latter has prevented the possibility of either of these distinguished officers being present.

JEFFERSON DAVIS. The delegation appointed by Gov. Humphreys, of Mississippi, to present the resolutions of the Legislature of that State to the President, asking for the release of Jefferson Davis, have filed their petition with the Private Secretary, together with a memorial setting forth certain facts, and praying for his release purely for the good of the country. They expect a reply from the President to-morrow.

FINANCIAL ITEMS. The following financial items were obtained from the Bureau of the Treasury Department, at the close of business, Saturday, November 10: National Banks, amount of circulation issued for the week, \$731,250; amount of currency issued, \$295,030,104; The Treasurer of the United States holds security for National Bank currency, United States bonds, to the amount of \$339,553,150; for depositors of public money, \$39,486,590; total, \$378,979,100.

There has been no change in the number of National Banks, or the amount of their capital during the week. There has been redeemed during the week of fractional currency, \$238,300. The shipments for the week were, to National Banks, \$261,535,45; to United States depositories at Baltimore, \$75,000; total, \$336,535,45.

The receipts of Internal Revenue for the week aggregate \$1,733,616,87. Total receipts from July 1 to date, \$135,077,100.

ORGANIZATION OF RADICAL TROOPS. The National Intelligencer publishes the following call, taken from FORNEY'S Chronicle:

Being profoundly impressed with the importance of the struggle through which the country is passing, and of the necessity of preserving the results gained by the triumph in the field, and more recently at the polls, the undersigned, a committee appointed by the Soldiers' and Sailors' Union of Washington, D. C., do, in their name, earnestly invite their comrades, the loyal veterans of the Republic, with a like friends of the great cause of Union and Liberty, to meet in a national mass meeting and council, to be held in this Federal Capital, on Saturday, December 1st proximo.

We ask your presence to honor and assure protection to the laws, the integrity of the Union, and the rights of the majority in the Thirty-ninth Congress, in whom we recognize the true and only our assailed institutions and able supporters of the principles involved.

Come in your might! By your presence show that the sturdy old Union is not to be trampled under the feet of the threats and insults of a treacherous Executive against the legislative branch of the Government cannot intimidate a free people. Here in the Federal capital must our great struggle culminate in wise and patriotic legislation. Here, then, should we assemble to encourage and strengthen Congress—to whose hands the Constitution wisely intrusts the power—to such an action which will make peace permanent and liberty universal.

Correspondence is invited, and may be addressed, R. J. Hinton, Washington, D. C.

The Intelligencer comments on the above as follows: We are pained and shocked to announce, from many sources of reliable information, that the above call looks to the establishment here of a permanent organization of an organized force to be subject to the orders of Congress. What more could be desired, if the disastrous calamities imposed over our beloved country, Heaven only knows. But the ferocious counsels of Butler, Wade and Forney, may be carried out by the "sword, smoking with bloody execution." We are reminded by this of the United States once made by partisans in New York, to organize an army of 10,000 men to encamp upon Capitol Hill to overthrow the administration of Andrew Jackson.

The Richmond Examiner, of Monday, says: The old bell of William and Mary College has been taken down from the college at Williamsburg, Va., to be brought North for recasting. It is an old colonial relic. It rang out its peals, summoning the college students to prayers, studies and merriment before the American revolution.

The above paragraph has been going the rounds of the papers for some time, and we regret to be compelled to state that it is a pure fabrication, which was entitled to no more than a passing notice, was a small affair—about one-fourth the size of the one lately removed. It had on it this inscription: "William and Mary College, 1717." Being cracked, it was sent to the foundry of David I. Burr & Co., of this city, in 1839 or '40, and the new bell made to order was composed in part of the material of the old one. The writer has in his possession a fragment of the old bell, with these letters and figures, "edgo, 1717."

The Indiana Colored State Convention adjourned on Friday afternoon. The preceding two days had been taken up in listening to speeches from able men, who gave them much advice, but took strong grounds in favor of impartial suffrage. A resolution was adopted pledging the members of the Convention to use their efforts to obtain subscription to the stock for a bank, to be run entirely by colored men.

A New Orleans dispatch, of the 10th inst., says: "The Houston (Texas) Journal learns that Gen. Sherman communicated to Gov. Timmerman an order from Gen. Grant recognizing the nullification of General Order No. 3, which authorized military commanders in the South to arrest all parties charged with certain offenses, on failure or inability of the civil authorities to do so."

For some time past workmen have been engaged in boring an artesian well at the Union Stock Yard in Chicago. Thursday, at the depth of 1050 feet, they struck a vein of pure water, which is flowing at the rate of three hundred and sixty barrels a day.
